

Establishing New Friends Group

DeKalb County

This form is the first step to officially forming a Friends of the Park group for your DeKalb County Park.

We know that there are many diverse challenges to turning your park into a greenspace worthy of being the center of your community. People like you can turn the downward spiral into an upward spiral – and Park Pride wants to help.

We understand that you have the energy and the desire to make things happen. We see the tremendous untapped resource that you present in the struggle to make your park – and all our county's parks – the emerald jewels that they should be.

We want to help you make your park vision a reality. We offer programs and resources to help you take back your park. Working together, we will ensure that all parks reach their full potential – beautiful oases where families picnic, children play and communities gather.

Fill out this form and return to Kayla Altland, Friends of the Park Associate, to begin the process of starting a Friends of the Park Group. Kayla@parkpride.org

Date: _____ Park Name: _____
