Philosophy, Mission, and Vision

| Philosophy | Park Pride believes that—regardless of race, income, zip code, or ability—all communities should have access to great parks. Parks have the power to improve our quality of life and strengthen the fabric of our cities. When parks meet the needs and reflect the unique character of the communities they serve, they are welcoming places for all members of the community to gather, play, relax, and connect with nature, encouraging mental and physical health and enhancing the resilience of our neighborhoods. This is the power of parks. |
| Mission | Park Pride engages communities to activate the power of parks. |
| Vision | An Atlanta where every neighborhood has access to a great park. |
